Bitterroot Neighborhood Posse

We take the responsibility to actively participate in the defense of our own life, liberty and property, as well as that of our families, neighbors and community.

We renounce initiation or threat of force or fraud against persons or property.

We declare no war with any honorable and legitimate person, agency or government.

We retain our independence from all other organizations, but are eager to work with legitimate agencies of the people such as the Sheriff's Office and other emergency responders, helping as much as we can while adhering to our principles

We endorse The Oath Keepers and agree wholeheartedly with the ten orders they will not obey. (oathkeepers.org)
